Dear Sir/Madam

Proposed carriageway patching works along Swineridge Lane, Millington

I am writing to inform you that, as part of the council's annual programme of planned highway maintenance works, East Riding of Yorkshire Council intends to carry out carriageway maintenance works on the above sites, starting on 24 April 2025, and lasting for 1 day (weather permitting). The works will consist of undertaking structural patching in preparation for surface dressing this Summer. The working hours will be 9am to 5pm (Mon – Fri).

Access will be permitted within the works areas to residents, business owners, and emergency services; however, vehicles will need to be parked off the carriageway to allow access for the contractor. The works will require the use of a road closure, and a local diversion route will be signed as appropriate.

Should you require any further information, have any special requirements for access, or wish to make any comments (before, during, or after the work has taken place), please contact me on the above phone number or email address. During the construction of the works, you can contact me on the number and email above, should you wish to discuss any site-related matters.

Yours faithfully,

A.S.Padda

Amarjeot Padda
